Do	21e: 23 May Akshatha. 4.5 DH HALISECOOF
	Python:
	The second of the second state of the second s
The state	18. fixing programming coross:
	-> How to set the coros there are two types of
	Coross D Syntax corox
	-> Learnt about how to fix difficult errors
	-) We learn't como handling methodo.
	19. Application 83: Build a website Blocker.
	(e) Website blocker - How the old will look like.
	@ Application Architecture.
	(ii) Iruplementing the First pant.
	(iv) Inplementing the Second part
100 00 1	The any Co function
	we start iterating over the items
	of website-list using a for loop.
	Inside the parenthusis of any () there's another
	loop that iterates over.
3	website_list:
	("face" in "tressare good")
	Caclock in "trees are good")
	( Scheduling the python program on windows.
	a set were thing office and and
	(16) Syntax coross:
1001	* Errors of 2 types-Syntax. evous expectations.
	Tile "errox py", lines
	int 999
	Syntax crows: Envalid Syntax.

20	Runtinu errors:
	But programing questions?  He should be error message  the should be code be copied and parter
	the should be error message
	and the code be copied and possted
2-15	boodling:
	Emos Maria a.
TANK Y	0:424
	021121
	print (int (2,5))
	point (c/o)
	def diside (a,b)
	oction %
	print (divide (1,0))
	error =) zero division error: division by zero.
	Principle of the state of the s
•	Schedule a python program.
